📖 Washington Crops: Potatoes, Wheat & Apples: Vocabulary Picture Cards (Level 2)

Name: _____

Cut on the dashed lines. Use the cards to match, sort, or quiz a partner.

🥔

Potato

A tuber: the swollen underground stem of the potato plant.

🌱

Seed potato

A potato (or piece) planted to grow a new potato plant. Bedlington Farms grows certified seed potatoes.

👁️

Eye

The bud on a potato where a new sprout grows.

🧺

Harvest

Gathering a crop when it is ready. Potato vines dying back is a sign it is time.

Wheat

A grain crop for flour. Most Washington wheat is soft white wheat, and most is exported.

Barley

A grain used for animal feed and malt.

Variety

One kind of a crop, like Gala, Fuji, or Cosmic Crisp apples.

Orchard

A field of fruit trees, like apples or cherries.

Grafting

Joining a branch of one tree onto the roots of another, so the new tree grows the same apple.

Cosmic Crisp

An apple bred by WSU from Enterprise × Honeycrisp. It stores for a long time.
