💡 Ag Experience Project: Idea Menu

Name: _____

Step 1: Circle your **top 3** ideas. Your project must be hands-on, about agriculture, and need **no purchase**. You may also use your own idea.

Care for chickens

Feed, water, and collect eggs; log it.

Train a dog

Teach a dog a new trick or command.

Grow a plant

Grow a bean or herb from a seed.

Fix a farm tool

Clean, sharpen, or fix a tool with an adult.

Care for a rabbit

Feed, clean the cage, and check its health.

Learn about bees

Learn how bees help plants make food.

Make an apple food

Make applesauce or apple chips with an adult.

Grow flowers

Plant flower seeds and track how they grow.

Plant a garden bed

Plan and plant a small veggie bed.

Feed livestock

Help feed and water cows, goats, or sheep.

Make compost

Turn food scraps and leaves into soil.

Raise a 4-H animal

Care for a calf or 4-H animal every week.

Make butter

Shake cream in a jar until it turns to butter.

Visit a Whatcom farm

Visit a local farm and learn one job there.

Learn about eggs

Learn how eggs go from hen to store.

📝 Step 2: My 3 ideas

1. _____
2. _____
3. _____

🎯 Step 3: Pick 1 and write a goal

My topic: _____

My goal: *Learn the process of… / Teach the class how to… / Design an area for…*

_____

👪 Parent/guardian approval: _____ Date: _____

Checkpoint points and due dates: check with Mr. Torretta.
