👩‍🏫 Staff Guide · Diabetes PSA Poster (Level 1)

Biology A · Unit 6 · goes with the class “Diabetes PSA poster + PSA source” (5 + 5 pts). Level 1 = about 2nd-grade reading. Same activity, same day, same points as the class.

1. The pieces

- **Poster card**: Diabetes PSA poster + PSA source: an 8.5×11 poster for Ferndale students about type 2 diabetes in another culture or country. 6 steps, one per box.
- **Prep sheet**: jobs, tools checklist, safety. Do it the day before or at the start.
- **Slides**: jobs, safety, steps, 2 checks.
- **Reflection**: replaces the written parts.
- **Game**: on the class site.

2. Prompts while they work

- “What place did you pick?”
- “Point to your title.”
- “What does insulin do?”

3. Modifications

- 2 facts instead of 5
- Staff picks the source and reads it aloud
- Fill-in plan + picture key for “what is diabetes”

4. What to grade (5 + 5 pts)

- Same 5 + 5 points: poster with title, key idea, 2 facts, 2 pictures; source done with staff
- Pointing, saying, or circling counts as a full answer.
- Modified grading only as the IEP allows. Check with the case manager.

5. Ask

- Mr. Driver, Room 113 (SLE).

💗 Sensitive topic note

Pick places and facts with respect. Students research a community, never their own or classmates' health.
